Frequently Asked Questions

Q: What is a forgivable mortgage loan?

A: The longer you stay in your home the less you need to pay back. If you stay in your home for five (5) years and follow the terms of the loan, your loan balance is reduced to ZERO and you owe nothing!

Q: What is household income and how does the City figure out what my household income is?

A: Household income is the combined income of everyone living in the home over the age of 18 projected out over the next year. Think of it as taking a snap shot of your monthly income as it is today and multiplying it by 12.

Q: What is household size?

A: Household size is the total number of people living in the home regardless of age and relationship to the homeowner.

• Homebuyer Education:
