ROCKSTAT 2015 YEAR-END REVIEW

WHAT: RockStat, the City of Rockford's monthly accountability forum, will hold its 2015 annual review of all operations. The agenda is enclosed. The full RockStat report will be available on the City of Rockford web site at www.rockfordil.gov. Members of the general public, Council members, the media, and representatives from both the public and private sector are invited to attend RockStat meetings. Cameras are permitted. Staff will be available for interview during breaks and immediately following the RockStat meeting.

RockStat Forums are built around open forums where the quality, efficiency, and effectiveness of critical city business processes and services are candidly evaluated and monitored. Forums focus on the ability to bring to the forefront the operational issues that may be limiting the city organization from reaching its goals, while building on the collaborative resources of the RockStat team. City leaders, with the authority to make policy, budget, and procedural changes are in at the RockStat meetings.
