Response Time:

Narrative:

The Rockford Fire Department was dispatched to the address listed above for On arrival Q-9 reported heavy smoke and fire coming from house. They also reported all occupants were out of the building. Q-9 pulled an attack line to front door. When they opened the door heavy flame flashed out at them. They applied hose stream and advanced into the building. E-1 had the back up line and Q-1 did search and rescue. Inside crews reported heavy fire and that it had extended into the attic. Crews were able to pulled ceiling and apply water to attic fire as well. Crews were directed to roof to cut a hole to get at fire that had extended. Attic area was very low and hard to move in.

Occupant who was home was sleeping when he heard the smoke alarm activate. He then went out side of home avoiding serious injury .I called for an investigator and he determined it was an accidental electrical fire.
