ABOUT THE LANDLORD REGISTRY: The registry was established to support the goals of the Residential Quality Support Ordinance (213-024-O). The ordinance was crafted to help reduce chronic nuisance activity at residential rental properties through better communication between the City of Rockford and landlords.

Landlords that register will receive automatic emails from the City whenever there is a Police or Fire incident at your rental property. In the future, they will also receive email notifications regarding code violations.

As a part of the Residential Quality Support Ordinance, the registry is mandated by law; the deadline is March 1, 2014.
