### **City Market Lot Partial Closure**

Beginning Monday, August 23, the south entrance to the City Market Lot (Parking Lot 32, located on the northeast corner of East State Street and North Water Street), will be closed for construction. The construction consists of the installation of a storm drain and is expected to last until Friday, August 26, and be reopened before the Rockford City Market event.

The southern one-third of the parking spaces will be closed off during construction. For additional parking, nearby off-street parking lots include Parking Lot 11 (One block north at 200 North Water Street) and Parking Lot 4 (One block east at 115 North Madison Street).

The north entrance of the parking lot and northern two-thirds of the parking lot will remain open to permitted parking throughout the length of the project.

Questions regarding this closure should be directed to Timothy Hinkens, Assistant Traffic Engineer, at the Public Works Department.
