STREET DIVISION MAINTENANCE UPDATE

STREET SWEEPING:

Supervisor: Harry Noble

779 348-7619

Spring residential street sweeping began on April 4, 2016 and was completed on June 29, 2016.

Arterial and Central Business District sweeping cycles will continue throughout the summer months through Mid - September. The fall residential sweeping cycle will commence on or about September 19, 2016.

All Street Division Operations are dependent on existing weather conditions and are subject to change accordingly. Citizens are urged to approach Public Works Crews with caution and at a reduced speed that is below posted speed limits.

The City of Rockford appreciates your continued patience and cooperation as we perform our Street Maintenance Activities.

HYDRANT FLUSHING PROJECT UPDATE:

Week of August 14, 2016

ROCKFORD – The following is an update of the current City of Rockford Unidirectional Flushing Program for the 2016 flushing season.

UNIDIRECTIONAL FLUSHING PROGRAM:

Water Superintendent: Kyle Saunders

779.348.7371

Assistant Superintendent: Greg Cassaro

779.348.7359

Unidirectional Flushing Boundaries:

North – Crosby Street

South – Broadway Street

East – 20th Street

West – Rock River

Project Update:

The Public Works Department releases the following information on the flushing operation from 08/07/16 to 08/13/16:

Residential Streets Flushed:

Shaw Street

12th Street

8th Avenue

Hutchins Avenue

12th Avenue

Washington Street

St. Louis Avenue

11th Street

10th Street

Projected Flushing Locations:

During the week of 08/14/2016 to 08/20/2016, the following streets are scheduled to be flushed:

Parmelee Street	Woodruff Avenue	9 th Street
College Avenue	Kishwaukee Street	10 th Avenue
Bremer Street	4 th Avenue	5 th Street

WATER QUALITY CONTACTS:

Water Quality Group: 779.348.7151

If discolored water occurs, it is not a health hazard. However, during any flushing procedures, iron (red water) and manganese (black water) may become stirred up within the water main, which can create staining on the porcelain and laundry. For this reason it is vital that the public be aware of the time and area that will be affected. If there are any Water Quality questions, please contact water quality at the number listed.

For a detailed map of hydrant flushing locations and when staff will be working in specific neighborhoods, please visit the City's web site at:

Court from Elm to Cedar

The operation is dependent on existing weather conditions and is subject to change accordingly.

Arterial pavement striping will continue during the months of July thru September.

Citizens are urged to approach striping crews at a reduced speed that is below posted speed limits. Proceed with caution traveling into the lane adjacent to the pavement striper and maintain a safe distance. Changing lanes in close proximity to the pavement striping crew is not recommended. Recent changes in EPA Regulations have mandated that manufacturers remove solvent based driers from striping paint, thus creating extended drying times. Your cooperation is appreciated.

Airport Drive and Falcon Road Roadway Reconstruction Project

As of Friday, July 8, 2016 Airport Drive is officially open to all traffic. Please be advised that crews may be working in isolated areas performing routine maintenance items until the landscaping is fully established. The City of Rockford would like to thank everyone for their patience during this massive reconstruction project. A recap of what was included for this project is below:

The Airport Drive and Falcon Road Reconstruction Project will include all roadway on Airport Drive from Kishwaukee Street to Illinois 251 (11th Street) and all roadway on Falcon Road from Airport Drive to New Milford School Road. This reconstruction project will consist of pavement removal, excavation, concrete pavement, curb and gutter, median, landscaping, storm sewer installation, street lighting, traffic signal modernization, erosion control and new concrete pavement. Some notable improvements to the project will be constructing a roundabout at the intersection of Kishwaukee Street and Airport Drive, rail road crossing reconstruction and straightening out the road way east of the rail road crossing.

Bridge and Roadway Removal and Repairs – 2016

During the 2016 construction season the City of Rockford will perform the following removals or repairs to these City-owned bridges:

Location #1: North 3rd Street Bridge over the Whitman Street Ramp

- Repairs will be made to the deck joint at the north abutment, structural

concrete repair, and painting steel superstructure.

Location #2: North 3rd Street Bridge over the Southbound 6th Street Ramp

- Full removal of this structure, which has been closed since March 2015 due to advanced deterioration. The removal will result in a reconfiguration of the off-ramp in order to completely close off access.

Location #3: 10th Street Bridge over Keith Creek

- Full removal of this structure with associated pavement removal and sidewalk improvements.

Location #4: 12th Street Bridge over Keith Creek

- Full removal of this structure with associated pavement removal and sidewalk improvements.

On July 18, 2016 work began on Location #1 with repairs to the bridge joints and structural steel painting. During the repairs the east lane will be closed to all traffic. The lane closure is expected to last until September 2, 2016. Please use caution when driving through the work zone.

Full removal of the bridge at Location #2 was completed on June 12, 2016.

Work began on Location #3 and Location #4 on Tuesday June 14, 2016 with removal of the existing roadway pavement. 10th Street and 12th Street are closed to all traffic between 6th Avenue and 7th Avenue as the project will result in the full removal of the bridges. **As of August 5, 2016 work is complete at these locations.**

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zones. Full completion of the project is anticipated by the end of September 2016.

Harrison Avenue Reconstruction Project

(Harrison Avenue between 9th Street and East of 22nd Street)

(11th Street between Wills Avenue and South of 23^d Avenue)

On July 18, 2016 the intersection of 11th Street and Harrison Avenue was closed for complete reconstruction. During the extent of the closure, the intersection of 20th Street and Harrison Avenue will be reopened to traffic. It is anticipated that the 11th Street intersection will be reopened to traffic on September 2, 2016. The reopening date for the 11th Street intersection is subject to be extended due to utility conflicts or weather issues impacting the construction activities.

On Monday, May 2, 2016 full reconstruction work began on Stage 1 of the Harrison

Avenue Project. Stage 1 includes drainage channel reconstruction, box culvert reconstruction, road widening, new pavement, curb and gutter, medians, sidewalk, sanitary sewer construction, storm sewer installation, water main replacement, new street lights, new traffic signals, and pavement markings in the westbound lanes of Harrison Avenue between Cannon Street and Hartman Street. Stage 1 construction is schedule to be completed in November 2016.

During the duration of Stage 1 construction, traffic will be shifted to the eastbound lanes of Harrison Avenue between Hanson Street and 22nd Street, and 20th Street between Harrison Avenue and Center Street will be fully closed to traffic with a detour route in place. Additionally, during Stage 1 no access to Harrison Avenue will be allowed at the following intersections: Cannon Street, Sewell Street, Congress Drive, 17th Street, 18th Street, 19th Street, Hartman Street, and 22nd Street (south leg only).

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

The Harrison Avenue Reconstruction Project consists of a full corridor reconstruction of Harrison Avenue between 9th Street and just east of 22nd Street as well as 11th Street between Wills Avenue and just south of 23rd Avenue, including drainage channel reconstruction, box culvert reconstruction, road widening, new PCC pavement, new HMA pavement, curb and gutter, landscaped medians, multi-use path and sidewalk construction, sanitary sewer construction, water main replacement, storm sewer installation, landscaping, street lighting, new traffic signals, and pavement markings. Full completion of the project is anticipated in late 2017.

City Wide Sidewalk and ADA Repairs Package #4 2016

City Wide Sidewalk and ADA Repairs 2016 package #4 has begun. Construction activities may include but are not limited to replacing sidewalk and ADA ramps, parkway restoration and other related work throughout the city at various locations on the Southwest and Northwest side of Rockford. The necessary traffic control and signage will be posted.

City Wide Sidewalk and ADA Repairs Package #C 2016

City Wide Sidewalk and ADA Repairs 2016 package #C has begun. Construction activities may include but are not limited to replacing sidewalk and ADA ramps, parkway restoration and other related work at various locations on the Southeast and Northeast side of Rockford. The necessary traffic control and signage will be posted.

The City of Rockford appreciates your continued patience and cooperation during this work.
