STREET DIVISION MAINTENANCE UPDATE

STREET SWEEPING:

Supervisor: Harry Noble

779 348-7619

Fall arterial street sweeping began on September 12, 2016. The residential sweeping cycle will tentatively begin on September 26, 2016. Updates as to the areas in which the sweepers are to be working will be provided on a weekly basis.

All Street Division Operations are dependent on existing weather conditions and are subject to change accordingly. Citizens are urged to approach Public Works Crews with caution and at a reduced speed that is below posted speed limits.

The City of Rockford appreciates your continued patience and cooperation as we perform our Street Maintenance Activities.

During the week of 09/18/2016 to 09/24/2016, the following streets are scheduled to be flushed:

Alton Avenue	Saner Avenue	Brooke Road
10 th Street	Collins Street	Sawyer Road
Barnum Road	Bildahl Street	Energy Avenue

FIRE FLOW TESTING PROJECT UPDATE:

Week of September 18, 2016

The Rockford Fire Department will be conducting fire flow testing exercises over the next week in the area outlined below:

FIRE FLOW TESTING PROGRAM:

Fire Flow Testing Boundaries:

North – Riverside Blvd.
South – Guilford Road
East – City Limits
West – Alpine Road

WATER QUALITY CONTACTS:

Water Quality Group: **779.348.7151**

If discolored water occurs, it is not a health hazard. However, during any flushing procedures, iron (red water) and manganese (black water) may become stirred up within the water main, which can create staining on the porcelain and laundry. For this reason it is vital that the public be aware of the time and area that will be affected. If there are any Water Quality questions, please contact water quality at the number listed.

For a detailed map of hydrant flushing locations and when staff will be working in specific neighborhoods, please visit the City's web site at:

<http://rockfordil.gov/public-works/water-division/hydrant-flushing.aspx>

ARTERIAL PAVEMENT STRIPING

ROCKFORD –Effective September 19th, 2016

Beginning the week of 9/19/2016 through 9/23/2016, the Public Works Department will perform arterial pavement striping on the following roadways:

Bend Rd. from Condon Rd. to Friday Rd.
Condon Rd. from Bend Rd. to Wagon Wheel Ln.
Blackhawk Park Ave. from Christina to Seminary
Christina St. from 15th Ave. to Blackhawk Park
Newburg from Alpine to Mulford Rd.
State St. City Hall Alley from 1st St. to 2nd St.
Guilford Rd. from Alpine to Comanche Dr.
McFarland Rd. from Riverside to Spring Creek Rd
Trainer from Newburg to Garret Ln.
Argus Rd. from Trainer to Bell School Rd.
Mill Rd. from Argus Rd. to Perryville
Mill St. from Main St. to Rock River
Rote Rd from Perryville to County Line
Safford Rd. from Meridian Rd. to Page Park School
Mill Rd. from Harrison to Newburg Rd.
Newburg Rd. from Mill Rd. County Line
Church from John St. to Cedar St.
Kishwaukee St. 1st Ave. to Airport Dr.
Wyman from Chestnut St. to Park Ave.
Shaw Woods from Belingham Rd. to Guilford Rd.
1st Ave from 7th St to E. State St.
1st Ave. from Walnut to Jefferson

The operation is dependent on existing weather conditions and is subject to change accordingly.

Arterial pavement striping will continue during the months of July thru September.

Citizens are urged to approach striping crews at a reduced speed that is below posted speed limits. Proceed with caution traveling into the lane adjacent to the pavement striper and maintain a safe distance. Changing lanes in close proximity to the pavement striping crew is not recommended. Recent changes in EPA Regulations have mandated that manufacturers remove solvent based driers from striping paint, thus creating extended drying times. Your cooperation is appreciated.

Bridge and Roadway Removal and Repairs – 2016

During the 2016 construction season the City of Rockford will perform the following removals or repairs to these City-owned bridges:

Location #1: North 3rd Street Bridge over the Whitman Street Ramp

- Repairs will be made to the deck joint at the north abutment, structural concrete repair, and painting steel superstructure.

Location #2: North 3rd Street Bridge over the Southbound 6th Street Ramp

- Full removal of this structure, which has been closed since March 2015 due to advanced deterioration. The removal will result in a reconfiguration of the off-ramp in order to completely close off access. **Complete.**

Location #3: 10th Street Bridge over Keith Creek

- Full removal of this structure with associated pavement removal and sidewalk improvements. **Complete.**

Location #4: 12th Street Bridge over Keith Creek

- Full removal of this structure with associated pavement removal and sidewalk improvements. **Complete.**

Work has been completed at Locations 2, 3, and 4. Work continues on Location #1 with a lane closure of the west lane through the work zone. The lane closure is expected to last until September 26, 2016.

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zones. Full completion of the project is anticipated by the end of September 2016.

Harrison Avenue Reconstruction Project
(Harrison Avenue between 9th Street and East of 22nd Street)
(11th Street between Wills Avenue and South of 23^d Avenue)

Starting Wednesday September 21, 2016 the intersection of Harrison Avenue and 9th Street will be closing due to installation of new water main and storm sewer installation. The intersection is expected to be closed for approximately 3 weeks. A detour route will be in place for the duration of the closure. Please use caution when driving in the area.

On September 9, 2016 the intersection of 11th Street and Harrison Avenue reopened to one lane of traffic each way, with exception of Harrison Avenue will remain closed from Ninth Street to Eleventh Street until October 1, 2016 due to utility conflicts. A detour route will be in place for westbound Harrison Avenue. Please use caution when driving in the area.

On Monday, May 2, 2016 full reconstruction work began on Stage 1 of the Harrison Avenue Project. Stage 1 includes drainage channel reconstruction, box culvert reconstruction, road widening, new pavement, curb and gutter, medians, sidewalk, sanitary sewer construction, storm sewer installation, water main replacement, new street lights, new traffic signals, and pavement markings in the westbound lanes of Harrison Avenue between Cannon Street and Hartman Street. Stage 1 construction is schedule to be completed in November 2016.

During the duration of Stage 1 construction, traffic will be shifted to the eastbound lanes of Harrison Avenue between Hanson Street and 22nd Street, and 20th Street between Harrison Avenue and Center Street will be fully closed to traffic with a detour route in place. Additionally, during Stage 1 no access to Harrison Avenue will be allowed at the following intersections: Cannon Street, Sewell Street, Congress Drive, 17th Street, 18th Street, 19th Street, Hartman Street, and 22nd Street (south leg only).

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

The Harrison Avenue Reconstruction Project consists of a full corridor reconstruction of Harrison Avenue between 9th Street and just east of 22nd Street as well as 11th Street between Wills Avenue and just south of 23^d Avenue, including drainage channel reconstruction, box culvert reconstruction, road widening, new PCC pavement, new HMA pavement, curb and gutter, landscaped medians, multi-use path and sidewalk construction, sanitary sewer construction, water main replacement, storm sewer installation, landscaping, street lighting, new traffic signals, and pavement markings. Full completion of the project is anticipated in late 2017.
