RESIDENTIAL SALTING OPERATION

ROCKFORD – November 24, 2014 - The City of Rockford Public Works Department will begin salting Residential Routes down the middle of the streets at 5:00 PM today. The Public Works Department will not be plowing Residential streets citywide as accumulations were much less than originally predicted.

Streets that may have any significant drifting will be addressed on a case by case basis.

Decisions about further deployment will be made, as needed, according to developing conditions.

Citizens are urged to follow at a safe distance behind snowplows. This will prevent the salt that is being spread from hitting your vehicle and the added distance also allows a driver room to back up if needed.
