7th Street – City of Rockford (COR) Water Main Repair Project (Under 7th Street Bridge Between Railroad Ave and 8th Ave.

It is anticipated that on August 19th through August 21ST there will be periodic lane closures in the North bound lane over the 7th Street Bridge located between Railroad Avenue and 8th Avenue. Please note that 7th Street will remain open to traffic and no detours will be posted. Flaggers will be present.

The project consists of water main repair under the bridge and given the difficulty in accessing this location there will be cranes present to lower equipment and materials next to the creek. The project anticipated completion date is August 21ST 2014.

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

Questions regarding this project should be directed to Jason Irvin in the Public Works Department at (815) 961-3153. Thank you for your consideration.
