### *CIP UPDATE 070313*

#### *North Main & Auburn Street Roundabout Project*

King Street at the North Main Street intersection is closed, and Myott Avenue at the North Main Street intersection is open (right-in and right-out only). No access from or to North Main will be permitted from King Street.

Drivers are reminded that no turns are allowed at the North Main and Auburn Street intersection.

Businesses are open during construction and the public parking lots are accessible. The public parking lots are located off of Toner Avenue and Latham Pl. Drivers are encouraged to utilize Sheridan St. and Boilvin Ave to access the public parking lot at the southeast corner of the N. Main Street and Auburn Street intersection, and Reynolds Street and Church Street for the parking lot at the southwest corner of the N. Main Street and Auburn Street intersection.

Drivers are encouraged to consider alternate routes during the project construction. Drivers are also reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

The City of Rockford appreciates your patience and cooperation during this project.

**US Bus 20 (FAP Rt. 303) – West State Street Sunset Avenue to West of Bridge Over Kent Creek Roadway Reconstruction**

West State Street Roadway reconstruction project is underway. West State Street is closed from Kilburn Avenue to Stewart Avenue and Mulberry Street is closed from Kilburn Avenue to Avon Street. A detour is in place. It is anticipated that West State Street will be closed until mid-November 2013. Central Avenue is open to north and southbound traffic only.

US Bus 20 (FAP Rt. 303) – West State Street, Sunset Avenue to West of Bridge over Kent Creek, Roadway Reconstruction consists of the complete reconstruction and widening of Business Route 20 and the realignment of Jefferson Street. This includes pavement removal, excavation, PCC pavement, HMA pavement, curb and gutter, median, multi-use path and sidewalk construction, storm sewer installation, retaining wall construction, landscaping, street lighting, traffic signal modernization and interconnection, pavement markings, erosion control, maintenance of traffic and all other necessary to complete the improvements.

IDOT will be coordinating with all applicable governmental agencies throughout the project.

**IL- 2 / South Main Street – Illinois Department of Transportation (IDOT) Roadway Project (Beltline Road to 0.4 miles north of Harrison Avenue)**

IL- 2 / South Main Street – IDOT Roadway Project is underway. The project consists of widening and resurfacing, pavement removal and replacement, adding lanes and a barrier median, curb and gutter, adding a bike path, providing right and left turn lanes, and installing lighting and traffic signals. IDOT will be coordinating with all applicable governmental agencies throughout the project. The project anticipated completion date is late 2014.

**IL- 2 / South Main Street – Illinois Department of Transportation (IDOT) Roadway Project (South of Pond Street to just North of Cedar Street)**

Traffic control and pre-stage work is underway. The project consists of pavement removal, excavation, roadway re-alignment, PCC pavement, HMA pavement, curb and gutter, landscaped median, multi-use path and sidewalk construction, storm sewer installation, landscaping, street lighting, traffic signal modernization and interconnection, pavement markings, erosion control, maintenance of traffic and all

other necessary items to complete the improvements. The project completion date is late 2014.

IDOT will be coordinating with all applicable governmental agencies throughout the project. The City will relay information as it becomes available.

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

Questions regarding these projects should be directed to Jamie Rott in the Public Works Department at (815) 967-6742. Thank you for your consideration.

### **City Wide Street Repairs Group #1**
