CIP UPDATE

Harrison Avenue Bridge Deck Replacement

On May 23, 2014 construction began on the Harrison Avenue Bridge to replace the deck over the Rock River. By Wednesday August 20th weather permitting, traffic will shift to the north side with one lane of traffic each way. The Bridge will remain open to traffic, but be prepared for possible traffic delays. Construction is expected to be complete by October 31, 2014. Please use caution when driving in this area.

Bridge Railing Repairs – 2014

On May 27, 2014 contractors began to replace three bridge railing throughout the City as follows:

- Bradley Road over Spring Creek
- 6th Street over Keith Creek.
- Safford Road over Kent Creek.

All lane closures will occur only during daytime hours. Please use caution when driving in these areas. For questions concerning these projects, please contact Martin Ruvolo at 815-961-3772.

US Bus 20 (FAP Rt. 303) – West State Street Sunset Avenue to West of Bridge Over Kent Creek Roadway Reconstruction

US Bus 20 (FAP Rt. 303) – West State Street, Sunset Avenue to West of Bridge over Kent Creek, Roadway Reconstruction consists of the complete reconstruction and widening of Business Route 20 and the realignment of Jefferson Street. This includes pavement removal, excavation, PCC pavement, HMA pavement, curb and gutter, median, multi-use path and sidewalk construction, storm sewer installation, retaining wall construction, landscaping, street lighting, traffic signal modernization and interconnection, pavement markings, erosion control, maintenance of traffic and all other necessary to complete the improvements. It is anticipated that the project will be completed by the end of August.

IDOT will be coordinating with all applicable governmental agencies throughout the project.

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

Questions regarding this project should be directed to Austin Crull in the Public Works Department at (815) 987-5637. Thank you for your consideration.

***IL- 2 / South Main Street – Illinois Department of Transportation (IDOT)
Roadway Project (South of Pond Street to just North of Cedar Street)***

The 15th Avenue Bridge is now open to all thru traffic and pedestrians. The City of Rockford appreciates everyone's patience during this closure. Please note that workers are still present near the 15th Avenue/Marchesano Drive and South Main Street Intersection. Drivers are reminded to use caution near the work zones.

Traffic is tentatively scheduled to be moved to the east side of the north/south bound lanes on August 22. Drivers are reminded to be aware of the new traffic pattern and continue to stay alert for workers while driving in the construction zone.

The project consists of pavement removal, excavation, roadway re-alignment, PCC pavement, HMA pavement, curb and gutter, landscaped median, multi-use path and sidewalk construction, storm sewer installation, landscaping, street lighting, traffic signal modernization and interconnection, pavement markings, erosion control, maintenance of traffic and all other necessary items to complete the improvements. The project completion date is late 2015.

IDOT will be coordinating with all applicable governmental agencies throughout the project. The City will relay information as it becomes available.

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

Questions regarding this project should be directed to Austin Crull in the Public Works Department at (815) 987-5637. Thank you for your consideration.

**IL- 2 / South Main Street – Illinois Department of Transportation (IDOT)
Roadway Project (Beltline Road to 0.4 miles north of Harrison Avenue)**

IL- 2 / South Main Street – IDOT Roadway Project is underway. The project consists of widening and resurfacing, pavement removal and replacement, adding lanes and a barrier median, curb and gutter, adding a bike path, providing right and left turn lanes, and installing lighting and traffic signals. IDOT will be coordinating with all applicable governmental agencies throughout the project. The project anticipated completion date is late 2014.

IDOT will be coordinating with all applicable governmental agencies throughout the project. The City will relay information as it becomes available.

Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

Questions regarding this project should be directed to Austin Crull in the Public Works Department at (815) 987-5637. Thank you for your consideration.

City Wide Sidewalk and ADA Repairs 2014 package #8 has begun. Construction activities may include but are not limited to installing sidewalk and ADA ramps, parkway restoration and other related work on Pierpont Avenue at Elm Street and the 200 block of Waveland Avenue. The necessary traffic control and signage will be posted.

City Wide Sidewalk and ADA Repairs Package #9– 2014

City Wide Sidewalk and ADA Repairs 2014 package #9 has begun. Construction activities may include but are not limited to replacing sidewalk and ADA ramps, parkway restoration and other related work on the 2200 block of East State Street and the 100 block of Rome Avenue. The necessary traffic control and signage will be posted.

The City of Rockford appreciates your continued patience and cooperation during this work.

Questions regarding these projects should be directed to Charles Englund (815-961-3152) at the Public Works Department. Thank you for your consideration.

U.S. Business Route 20/East State Street **Illinois Department of Transportation Resurfacing Project** **(Fairview Avenue to Mid-America Drive)**

The Illinois Department of Transportation (IDOT) will be resurfacing East State Street from Fairview Avenue to Mid-America Drive during the 2014 construction season. The project scope consists of asphalt pavement milling, pavement patching, inlet and manhole adjustments, traffic signal detector loop installation, new hot-mix asphalt pavement, and thermoplastic pavement markings.

Work will be divided up into three (3) Phases. Phase 1 contains the area from Mid-America Drive to Phelps Avenue, Phase 2 is from Phelps Avenue to Dawn Avenue, and Phase 3 is from Dawn Avenue to Fairview Avenue.

Construction commenced on June 16, 2014. As of July 23, 2014 all hot-mix asphalt binder has been placed for the three (3) phases. Current work items being performed is the adjustment/reconstruction of manholes and inlets and the installation of traffic signal detector loops. Work will occur during the hours of 8:00 PM to 11:00 AM. The road will remain open during construction activities with periodic lane closures. At the completion of work each morning at 11:00 AM all lanes will be re-opened to traffic. The anticipated completion date is late August 2014.

IDOT will be coordinating with all applicable governmental agencies throughout the project

Drivers are reminded to stay alert for workers when driving through the construction zone.

Guilford Road Resurfacing Project
(Comanche Drive to Mayfield Court)

On August 25, 2014 construction work will begin on the Guilford Road Resurfacing project. The project includes full width pavement resurfacing with new thermoplastic pavement markings on Guilford Road between Comanche Drive and Mayfield Court. The project is expected to take 5 working days to complete and is anticipated to be fully completed by the end of the day August 29, 2014.

Guilford Road will remain open during construction activities, however one-way traffic control with flaggers will be in place while work is occurring. Drivers are reminded to stay alert for workers when driving through the construction zone.

EVEN THOUGH THE ROAD WILL REMAIN OPEN TO TRAFFIC DURING CONSTRUCTION ACTIVITIES, DRIVERS ARE STRONGLY ENCOURAGED TO CONSIDER ALTERNATE ROUTES FOR THE DURATION OF THE PROJECT.

U.S. Business Route 20/West State Street
Illinois Department of Transportation Resurfacing Project
(Springfield Avenue to Day Avenue)

The Illinois Department of Transportation (IDOT) will be resurfacing West State Street from Springfield Avenue to Day Avenue during the 2014 construction season. The project scope consists of asphalt pavement milling, pavement patching, inlet and manhole adjustments, traffic signal detector loop installation, new hot-mix asphalt pavement, and thermoplastic pavement markings.

Construction will commence on August 18, 2014 with asphalt pavement milling. The road will remain open to traffic during construction activities with periodic lane closures. The anticipated completion date is late September 2014.

IDOT will be coordinating with all applicable governmental agencies throughout the project

Drivers are reminded to stay alert for workers when driving through the construction zone.

Questions regarding this project can be directed to Tyler Nelson, P.E. in the Public Works Department at (815) 967-4311. Thank you for your consideration.
