Winnebago Street Bridge Deck Repairs 2013

Starting Monday April 8th, the Winnebago Bridge will be closed for two weeks while planned bridge repairs occur. Prior to the full closure, lane closures may occur on the bridge for various construction activities. Flaggers will be utilized during the lane closures. Please use extreme caution when driving through the construction area. The construction will consist of neoprene expansion joint removal, incidental deck slab repair (partial), and protective coat. A detour will be in place.

Thank you in advance for your cooperation and patience while the City of Rockford makes improvements to the bridge.

Questions regarding these projects should be directed to Jamie Rott in the Public Works Department at (815) 967-6742. Thank you for your consideration.
