### *ARTERIAL PAVEMENT STRIPING*

ROCKFORD –Effective August 8, 2011

Beginning the week of 8/8/2011 through 8/12/2011, the Public Works Department will perform arterial pavement striping on the following roadways:

Elm St. from Horace to Chestnut St.  
Chestnut St. from State St. to Water St.  
Corbin St. from Montague to Tay St.  
Cunningham St. from Central Ave to Cunningham Rd.  
Kent St. from Main St. to Morgan St.  
South Main St. from Elm to Pond St.  
Mill St. Main St. to Rock River  
Montague Rd. from Montague to Pierpont St.  
Montague St. from Main St. to Montague Rd.  
Pierpont St. from State St. to Montague St.  
Ogilby Rd. from Montague to South Main St.  
Morgan St. from Central to Winnebago St.

The operation is dependent on existing weather conditions and is subject to change accordingly.

Arterial pavement striping will continue during the months of June thru August.

Citizens are urged to approach striping crews at a reduced speed that is below posted speed limits. Proceed with caution traveling into the lane adjacent to the pavement striper and maintain a safe distance. Changing lanes in close proximity to the pavement striping crew is not recommended. Recent changes in EPA Regulations

have mandated that manufacturers remove solvent based driers from striping paint, thus creating extended drying times. Your cooperation is appreciated.
