CIP UPDATE

MORGAN STREET BRIDGE RECONSTRUCTION

On August 18, 2011 the Morgan Street bridge will close for the replacement of a complete new bridge. The project will start with new water main and demolition of the bridge until weather permits. During construction, the bridge will be closed to all traffic. There will be a signed detour set up for those who normally use the bridge. The contract completion will be on December 13, 2013.

ROCKFORD JUNCTION TRACK IMPROVEMENTS

Rockford Junction Track Improvement consists of Railroad Track Reconfiguration at Rockford Junction with railroad signal improvements from Buckbee Street to Blackhawk Park Avenue. The Buckbee Street Rail Road crossing improvement has been postponed until further notice due to material availability. Other work on this project will continue, but will not affect traffic at this time.

WINNEBAGO ST. BRIDGE DECK REPAIRS

On or about August 1, 2011 the Winnebago Street bridge closed for deck and sidewalk repairs. During construction the bridge will be closed to all traffic. There will be a detour set up for the residents who normally use the bridge. Estimated completion should be on August 12, 2011. Construction could be extended to August 19, 2011 due to bad weather or material availability.

STONERIDGE BRIDGE RECONSTRUCTION

On August 1, 2011 reconstruction of Stoneridge Bridge will begin. The bridge will be totally replaced. During construction the bridge will be closed to all traffic. There will be a detour setup for the residents living on Stoneridge Drive. Estimated completion date of the project is the end of November.

For questions concerning these projects, please contact
Martin Ruvolo at 815-961-3772.
