CITY OF ROCKFORD, ILLINOIS—BIDDING GENERAL CONDITIONS

1. Pricing. The bidder shall insert price for all bid items and all other information requested in these specifications. The price shall be the *full, delivered cost* to the City of Rockford with no additions.
2. Total versus “Per Item” Awards. The City generally awards contracts based on a lump sum basis to the lowest responsible and responsive bidder. However, the City may choose to award on a per item basis. Therefore, each bidder must submit pricing for each item indicated on the bid forms. Bidders must clearly indicate which items are bid and which are not.
3. Delivery of Merchandise. Delivery terms will always be Freight On Board (FOB)—Destination. The City of Rockford accepts no responsibility for the condition of any merchandise purchased prior to acceptance by City Personnel. Failure to comply with this requirement may constitute rejection of the bid.
4. Acceptance of Merchandise at Delivery. The City of Rockford reserves the right to refuse acceptance of delivered merchandise that differs substantially from the specifications in this invitation to bid or as otherwise permitted by Illinois law.
5. Prompt Payment Act. The City of Rockford intends to comply with the governmental prompt payment act. The supplier will be paid upon submission of invoices to: City of Rockford Accounts Payable, 425 East State Street, Rockford, IL 61104.
6. Legal Compliance. The vendor awarded this contract will comply with all Federal, State, County, and City laws, ordinances, rules and regulations, which in any manner affect the product or service placed for bid herein. Lack of knowledge on the part of the vendor of applicable law will in no way be cause for release of this obligation. If the City becomes aware of violation of any laws, ordinances, rules and regulations on the part of the vendor, it reserves the right to reject any bid, cancel any contract, and pursue any other legal remedies deemed necessary.
7. Legal Requirements. This contract sets forth the entire final agreement between the City of Rockford and the Bidder and shall govern the respective duties and obligations of the parties. The validity of this contract, and any disputes arising from the contract, shall be governed by the laws of the State of Illinois. Any litigation under this agreement shall be resolved in the trial courts of Winnebago County, State of Illinois. Should a provision of this contract be declared invalid by a court of competent jurisdiction, it shall not affect the validity of the remaining provisions of the contract.
8. Safety. Prevention of accidents at any project is the sole responsibility of the vendor and its subcontractors, agents, and employees. The vendor, its subcontractors, agents, and employees shall be fully and solely responsible for the safety of this project. The vendor shall retain exclusive and direct control over the acts or omissions of its subcontractors, agents and employees, and any other persons performing portions of the work and not directly employed by the vendor.
9. Control of the Work. With respect to the vendor’s own work, the City shall not have contractual, operational, and/or supervisory control over and/or charge of the work and shall not be responsible for construction means, methods, techniques, sequences, procedures, and programs in connection with the vendor’s work, since these are solely the vendor’s responsibility under the agreement. The City shall not be responsible for the vendor’s failure to carry out the work in accordance with the agreement’s terms and conditions. The City shall not have control over and/or charge of acts or omissions of the vendor, its subcontractors, and/or their agents or employees, or any other person performing portions of the work not directly employed by the vendor. The vendor shall be considered to be an “independent contractor” pursuant to Illinois law.

10. Bid Bond. When required on the cover sheet, a bid bond for not less than 5 percent of the bid amount must accompany all bids as a guarantee that if the bid is accepted, the bidder will execute and file the proper contract. A bank cashier's check, bank draft, or certified check equal to the amount specified is acceptable in lieu of a bid bond. Bid bonds of the two lowest firms will be retained until the contract is awarded.

11. Performance Bond. When required by the specifications herein, the successful firm shall furnish a performance bond equal to the amount of the contract, acceptable to the City, within 14 calendar days after notification of contract award. Failure to furnish the required bond within the time specified may be cause for rejection of the bid and any bid deposit may be retained by the City as liquidated damages and not as a penalty.

12. Taxes. No charge will be allowed for taxes from which the City of Rockford, Illinois is exempt. The City of Rockford, Illinois is not liable for the Illinois Retailers' Occupation Tax, the Service Occupation Tax or the Service Use Tax. The City is exempt from the Federal Excise and Transportation Tax.

13. Withdrawal of Bids. Firms may withdraw or cancel their bids at any time prior to the advertised invitation to bid opening. After the opening time, no bid shall be withdrawn or cancelled. All bids shall be firm and valid for a period of sixty (60) calendar days. If a bidder to whom a contract is awarded refuses to accept the award, the City may, at its discretion, suspend the bidder for a period of time up to three (3) years.

14. Subcontracting. The bidder shall provide information for all subcontractors, leased operators/equipment, and suppliers and all other information requested in the Subcontractor and Supplier Detail Forms attached. Requests for deviations from the completed detail forms submitted must be made in writing, and reviewed and approved by the City's Diversity Procurement Officer and the Central Services Manager or designee. The successful firm may not subcontract any portion of the contract after award without written consent of the City of Rockford Central Services Manager. When subcontractors are used, the awarded vendor is required to pay subcontractors promptly after completion of work. Delay of payment is prohibited.

15. Termination of Contract. The City of Rockford reserves the right to terminate the contract in its entirety or in portions, upon written notice to the Contractor, if the Rockford City Council does not appropriate sufficient funds to complete the contract or in the event of default by the Contractor. Default is defined as failure of the Contractor to perform any of the provisions of this contract or failure to make sufficient progress so as to endanger performance of this contract in accordance with its terms. In the event of default, the City may purchase the product(s) and/or service(s) from other sources and hold the defaulting company responsible for any excess costs occasioned thereby. The City may require payment of liquidated damages for non-performance. Should default be due to failure to perform or because of a request for a price increase, the City reserves the right to remove the firm from the City's bidder list for a period of up to three years.

16. Late Bids and Proposals. Regardless of cause, late bids and proposals will not be accepted and will automatically be disqualified from further consideration. It shall be solely the vendor's risk to ensure delivery at the designated office by the designated time. Late bids and proposals will not be opened and may be returned to the vendor at their request and expense.

17. EEO Forms. Each firm shall be required to submit with its bid information all EEO forms included in the invitation to bid package. Any bid which fails to include the properly completed compliance items will not be read and will not be considered. All subcontractors shall also be required to comply with the same EEO forms as the firm.

18. Restrictive or Ambiguous Specifications. It is the responsibility of the prospective firm to review the invitation to bid specifications and to notify the Central Services Manager if the specifications are formulated in a manner that would unnecessarily restrict competition. Any such protest or question regarding the specifications or invitation to bid procedures must be received by the Central Services Division not less than seventy-two hours prior to the time set for the opening. In the event a contract term is not defined within the contract document, the term will be given its ordinary dictionary definition.

19. Bid Protest. Firms wishing to protest bids or awards shall notify the Central Services Manager in writing within 7 days after the invitation to bid opening. The notification should include the bid number, the name of the firm protesting, and the reason why the firm is protesting the bid. The Central Services Manager will respond to the protest within 7 calendar days. A successful protest may result in the reversal of a previously awarded contract.

20. Disputes. In case of disputes as to whether or not an item or service quoted or delivered meets specifications, the decision of the Central Services Manager, or authorized representative shall be final and binding to all parties. The Central Services Manager has the right to waive technicalities as they see fit. The Central Services Manager may request a written recommendation from the head of the department using the equipment or service being procured.

21. Exceptions. Any deviations from these specifications shall be noted and submitted with the bid. Failure to address deviations from specifications may result in bid rejection.

22. Acceptance/Rejection of Bids. The City of Rockford reserves the right to accept or reject any or all bids or proposals at any time, for any reason, including but not limited to the Rockford City Council not appropriating sufficient funds to purchase equipment or complete the contract. The City may make awards in any manner deemed in the best interest of the City.

23. Prevailing Wage. When indicated on the cover page of this document, this contract calls for the construction of a "public work," within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/01 *et seq.* ("the Act"). The Act requires contractors and subcontractors to pay laborers, workers, and mechanics performing services on public works projects no less than the "prevailing rate of wages" (hourly cash wages plus fringe benefits) in the county where the work is performed. For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor's website at: <http://www.state.il.us/agency/idol/rates/rates.HTM>. All contractors and subcontractors rendering services under this contract must comply with all requirements of the Act, including but not limited to, all wage, notice, and record keeping duties.

24. Certified Payroll. All Certified Payroll reports must be submitted monthly via email, in Excel or some format compatible with Excel, to certified.payroll@rockfordil.gov.

25. Substance Abuse Prevention. When required by Illinois State Statutes, employers must have in place and file with the City a written program for prevention of substance abuse among its employees. This program must include pre-hire, random, reasonable suspicion, and post-accident drug and alcohol testing, as required by the Substance Abuse Prevention on Public Works Projects Act.

26. Apprenticeship Requirement. For construction contracts over \$50,000, contractors must participate in apprenticeship and training programs approved and registered with the United States Department of Labor's Bureau of Apprenticeship and Training for all Trades that will be in the contractor's (or his subcontractor's) employment, with each worker receiving the required apprenticeship/training appropriate to his trade. Owners or work performed by owners is not exempt from the apprenticeship and training requirement.

27. Indemnification. To the fullest extent permitted by law, the vendor shall indemnify and hold harmless the City, its officers, representatives, elected and appointed officials, agents, and employees from and against all claims, damages, losses and expenses, including but not limited to attorney's fees, arising out of or resulting from the vendor's performance of work under this agreement, and indemnifies and agrees to defend and hold harmless the City against any and all losses, claims, damages, and expenses arising from the work performed hereunder of the erection, construction, placement, or operation of any scaffold, hoist, crane, stay, ladder, support, or other mechanical contrivance in connection with such work including but not limited to losses, claims, damages, and expenses arising pursuant to claims asserted against the City pursuant to theories premised upon section 414 of the Restatement (Second) of Torts and section 343 of the Restatement (Second) of Torts.

This indemnification agreement shall not be limited in any way by any limitations on the amount or type of damages, compensation, or benefits payable by or for the vendor under Worker's Compensation Acts, disability benefit acts, or other employee benefit acts, and serves as an express agreement to waive the protection of *Kotecki v. Cyclops Welding Corp.*, 146 Ill.2d 155, 585 N.E.2d 1023 (1991) in Illinois.

Further, the vendor agrees that it is solely responsible for compliance with all safety laws applicable to the work performed hereunder, including but not limited to the Occupational Safety and Health Act of 1970 and the Construction Safety Act of 1960 and all standards and regulations which have been or shall be promulgated by the agencies which administer the Acts.

Under no circumstances shall the vendor, its subcontractors, agents, and employees be required to indemnify the City for its own negligence.

28. Insurance Requirements. Upon execution of the contract, and prior to the vendor commencing any work or services with regard to the project, the vendor shall carry commercial general liability insurance, umbrella liability insurance, and automobile liability insurance on ISO form CG 00 01 10 01 (or a substitute form providing equivalent coverage) and the vendor shall provide the City with a Certificate of Insurance and Additional Insured Endorsement on ISO form CG 20 10 11 85 (or substitute form providing equivalent coverage) or on the combination of ISO forms CG 20 10 10 01 and CG 20 37 10 01 (or substitute forms providing equivalent coverage) naming the City as Additional Insured thereunder. Additional insured coverage shall apply as primary insurance and be noncontributory with respect to any other insurance afforded to the City. All coverage shall be placed with an insurance company duly admitted in the State of Illinois and shall be reasonably acceptable to the City. All vendor insurance carriers must maintain an A.M. Best rating of "A-" or better. Coverage shall be afforded to the additional insured whether or not a claim is in litigation.

The insurance coverage required above shall be of sufficient type, scope and duration to ensure coverage for the City for liability related to any manifestation date within the applicable statutes of limitation and/or repose which pertain to any work performed by or on behalf of the City in relation to the contract. The following insurance requirements shall apply to the successful firm for the duration of the contract unless explicitly waived by the Central Services Manager:

- ❖ Commercial General Liability. The coverage available to the City, as Additional Insured, shall not be less than \$1 million each occurrence, \$2 million general aggregate (subject to a per project general aggregate provision applicable to the project), \$2 million products/completed operations aggregate and \$1 million personal and advertising injury limits. Such insurance shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).
- ❖ Umbrella Liability. The coverage available to the City, as Additional Insured, shall not be less than \$2 million each occurrence, \$2 million general aggregate. Such insurance shall cover liability arising from premises, operations, independent contractors, products-

completed operations, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).

- ❖ Automobile Coverage. The coverage available to the City, as Additional Insured, shall include comprehensive automobile bodily injury and property damage liability coverage for a minimum amount of \$1 million each occurrence, \$2 million general aggregate
- ❖ Workers Compensation. Contractor shall maintain during the life of this contract statutory workmen's compensation and employer's liability insurance for all his employees engaged in work on the job site.
- ❖ Insurance Certificates. Each Certificate of insurance shall provide that the insurer must give the City at least 30 days' prior written notice of cancellation and termination of the City's coverage thereunder. Not less than two weeks prior to the expiration, cancellation or termination of any such policy, the vendor shall supply the City with a new and replacement Certificate of Insurance and Additional Insured endorsement as proof of renewal of said original policy. Said new and replacement endorsements shall be similarly endorsed in favor of the City as set forth above. All subcontractors to be utilized by the Contractor shall provide Ownership with a Certificate of Insurance naming City of Rockford as additional insured prior to commencement of work by said subcontractor.

29. Officers. Each bidder affirms, by submission of a response to this bid or request for proposals, that no officer of the City of Rockford, Illinois, is directly or indirectly interested in the proposal for any reason of personal gain.

30. Non-Waiver. The failure by the City to require performance of any provision shall not affect the City's right to require performance at any time thereafter, nor shall a waiver of any breach or default of this contract constitute a waiver of any subsequent breach or default or a waiver of the provision itself.

31. Professional Services Selection Act. The City of Rockford intends to comply with 50 ILCS 510/5 governing the selection of professional services. Any reference in these terms and conditions to supplying pricing or price as a determining factor in selection do not apply for services covered by said act.

32. The City of Rockford reserves the right to accept or reject any and all proposals and to waive technicalities in submitted bids.

Instruction to Bidders

Section 2

General and Special Provisions

1.0 Scope.

The City of Rockford requests bids from qualified companies to provide all labor, materials, equipment, and supplies necessary for the demolition Buildings 10 and 19 of the Barber Colman Complex at 1200 Rock Street . A Site Plan depicting the entire Barber Colman Complex layout is included as Attachment A. The two (2) buildings are located adjacent to each other on the west edge of the complex adjacent to Rock Street and are designated for demolition, as described below:

Building 10 is a three-story structure with partial basement, brick exterior and concrete support columns and roof trusses. The roof deck is wood. Each floor is approximately 22,000 square feet for a total of 66,000 sq. ft. within the three floors.

Building 10 is required to be demolished to include all subsurface footings, foundation walls, and the concrete slab floor. Once all materials are removed and the entrance to the tunnel has been blocked in, the building site shall be filled to level with the existing surrounding grade. In addition, the bridge connecting Building 10 with Building 5 will be removed and the opening(s) left at Building 5 will be bricked-in, producing a weather-tight wall. The Brick used to fill the opening(s) shall be matching; and the mortar used shall be of the same type and mixture as existing. In addition, all openings to below grade pipe tunnels and adjacent basement areas are required to be sealed off with a weather-tight wall constructed of materials that will not jeopardize the future structural integrity of the existing adjacent structures and pipe tunnels. All asbestos containing building materials (ACMs) identified within the footprint of the structure by two (2) previously completed asbestos assessments have been abated prior to this Invitation to Bid. The roofing system was not identified as containing suspected ACMs during the asbestos inspection. A listing of the ACMs that have been previously removed from Building 10 is included as Attachment B. All brick, masonry and concrete shall be crushed and reduced to the equivalent of CA-6 gradation material. All crushed material will be stockpiled on site as shown on the Site Plan (Attachment A). This crushed concrete and brick shall remain the property of the City.

Building 19 is primarily a one-story structure with a high crane bay towards the south end of the structure and a two-story section at the north end of the structure, which held the cafeteria. This structure is approximately 41,000 square feet.

Building 19 is required to be demolished to include all foundation elements, the concrete floor slab and all trenched pipes and piping runs. In addition, all openings to below grade pipe tunnels and adjacent basement areas are required to be sealed off with a weather-tight wall constructed of materials that will not jeopardize the future structural integrity of the existing adjacent structures and pipe tunnels. The Contractor is required to remove the crane rails adjacent to the south wall of the structure, including supporting concrete and brick supports or walls. The "Guard Shack shall not be disturbed. All brick and concrete shall be crushed and stockpiled on site as shown on the Site Plan (Attachment A) and shall remain the property of the City. The awarded Contractor will be responsible for the abatement of all remaining asbestos containing building materials (ACM) identified by two (2) previously completed asbestos assessments. The remaining ACM's has been limited to the window glazing on the remaining window panes, as most of the windows

and glazing were removed during 2009. A portion of the roofing components for Building 19 have also tested positive for asbestos. The asbestos containing roofing materials is limited to an area that makes up approximately 5,400 square feet of the western region of the southern low-roof. A predominant change in the two roofing systems is visible. The abatement of remaining ACMs and the removal and disposal of all asbestos containing roof systems and roofing materials in accordance with Federal and State Regulations is considered a component of this demolition scope. A listing of the remaining positively identified ACMs for Building 19 is included as Attachment B.

All areas not level with the existing grade will be backfilled with CA-6 aggregate and compacted to 95% of a Standard Proctor in approximately 12 inch lifts. Compaction will be confirmed by a geotechnical engineering firm.

A chain-link construction fence shall be provided during demolition. This fence shall extend from the northwest corner of Building 10 connecting with the existing fence, and continue south to the southwest corner of Building 19 where it will connect with the existing fence. This is a distance of approximately 450 feet. Once demolition is completed, a permanent chain-link fence matching the existing fence in height and general construction shall be provided for this distance.

Bid Alternate 1

In addition to the base bid for the demolition of Buildings 10 and 19 described above, all bidders shall be required to provide a lump sum bid to process, crush and stockpile on site the concrete pile located on site that was previously the foundation of Building 20. This concrete shall be crushed to meet CA-6 standards.

This bid shall be based on the inspection of the concrete pile during the mandatory pre-bid meeting/ inspection. If this Bid Alternate is awarded, the contractor will be given an additional 15 days to complete this work item.

Bid Alternate 2

In addition to the base bid and Bid Alternate 1, all bidders shall be required to provide a lump sum bid to remove and dispose off the following: 1) all trash, debris and partitions from the first three floors of Building 5; and 2) all of the wood block flooring (oil soaked) from the first 3 floors of Building 5.

This bid shall be based on the inspection of the first three floors of Building 5 during the mandatory pre-bid meeting/inspection. If this Bid Alternate is awarded, the contractor will be given an additional 30 days to complete this work item.

2.0 General Requirements.

2.1 Vendor Qualifications. All bidders on this project must be designated as a licensed Class A or B demolition Contractor, according to the City's list of approved demolition contractors.

2.1.1 The successful Contractor shall provide the 10-day EPA notification within 10 days of the Notice to Proceed and commence the demolition no later than 10 days from the end-date of the EPA notification. The work required by the base bid shall be completed no later than January 1, 2011. Failure to comply with any of these specifications will possibly result in the revocation of the Contractor's license, or cancellation of the City's contract.

2.1.2 All work shall be done in a workmanlike manner, in compliance with all local, state and federal codes applicable thereto, and said work shall be performed by workmen trained and skilled in the craft involved.

[REDACTED] is the official who will be responsible for implementing this policy statement.

[REDACTED] will be designated as the Equal Opportunity Officer in our company, responsible for submission of all required equal employment opportunity documents.

In addition, [REDACTED] is hereby authorized to sign payroll as well as this company's officers. (NOTE: If only officers will be authorized to sign payrolls, please fill in "No One" in this space.)

STATEMENT OF NONCOMPLIANCE

If the equal employment opportunity hearing committee determines that a contractor, subcontractor/leased operator of equipment or bidder is not in compliance with this chapter, (also known as Chapter 11, Article III the City of Rockford Equal Opportunity Employment Ordinance), the hearing committee shall issue and serve upon such person a written statement of noncompliance setting forth the manner in which it finds such person has violated this chapter, and imposing and/or requiring appropriate sanctions, including, but not limited to any and/or all of the following:

- a. Denying, suspending or revoking qualifications, or declaring the contractor or subcontractor irresponsible and ineligible for future contracts or subcontracts until such time as the contractor or subcontractor shall demonstrate to the equal employment opportunity hearing committee that it is in compliance;
- b. Withholding or delaying payment on the contractor or;
- c. Suspending, avoiding or canceling contract work.

CERTIFICATION OF NON-SEGREGATED FACILITIES

The bidder certifies that he/she does not maintain or provide for his/her employees any segregated facilities at any of his/her establishments, and that he/she does not permit his/her employees to perform their services at any location, under his/her control, where segregated facilities are maintained. The bidder agrees that a breach of this certification will be a violation of the Equal Opportunity clause in any contract resulting from acceptance of this bid.

The bidder agrees that (except where he/she has obtained identical certification from proposed subcontractors/leased operators of equipment for specific time periods) he/she will obtain identical certification from proposed subcontractors/leased operators of equipment from the provisions of the Equal Opportunity clause, and that he/she will retain such certification in his/her files.

CERTIFICATE OF NON-BARRED BIDDING

The undersigned certifies that it is not barred from bidding on this contract as a result of a conviction for the violation of State laws prohibiting bid rigging or bid rotating. The undersigned also certifies that current or prospective employees, contractors, and subcontractors/leased operators of equipment are not listed as Excluded Individuals/Entities with the US Government, as maintained by the US General Services Administration.

By signing below, the firm agrees that all information provided in the previous pages is accurate, and that if the firm below does not currently have a Department of Human Rights number they will apply for one within thirty days with the State of Illinois.

All contractors are required to complete the following certification:

- For this contract proposal or for all groups in this deliver and install proposal.
- For the following deliver and install groups in this material proposal:

Illinois Department of Transportation policy, adopted in accordance with the provisions of the Illinois Highway Code, requires this contract to be awarded to the lowest responsive and responsible bidder. The award decision is subject to approval by the Department. In addition to all other responsibility factors, this contract or deliver and install proposal requires all bidders and all bidders' subcontractors to disclose participation in apprenticeship or training programs that are (1) approved by and registered with the United States Department of Labor's Bureau of Apprenticeship and Training, and (2) applicable to the work of the above indicated proposals or groups. Therefore, all bidders are required to complete the following certification:

- I. Except as provided in paragraph IV below, the undersigned bidder certifies that it is a participant, either as an individual or as part of a group program, in an approved apprenticeship or training program applicable to each type of work or craft that the bidder will perform with its own employees.
- II. The undersigned bidder further certifies for work to be performed by subcontract that each of its subcontractors submitted for approval either (A) is, at the time of such bid, participating in an approved, applicable apprenticeship or training program; or (B) will, prior to commencement of performance of work pursuant to this contract, establish participation in an approved apprenticeship or training program applicable to the work of the subcontract.
- III. The undersigned bidder, by inclusion in the list in the space below, certifies the official name of each program sponsor holding the Certificate of Registration for all of the types of work or crafts in which the bidder is a participant and that will be performed with the bidder's employees. Types of work or craft that will be subcontracted shall be included and listed as subcontract work. The list shall also indicate any type of work or craft job category for which there is no applicable apprenticeship or training program available.

- IV. Except for any work identified above, any bidder or subcontractor that shall perform all or part of the work of the contract or deliver and install proposal solely by individual owners, partners or members and not by employees to whom the payment of prevailing rates of wages would be required, check the following box, and identify the owner/operator workforce and positions of ownership.

The requirements of this certification and disclosure are a material part of the contract, and the contractor shall require this certification provision to be included in all approved subcontracts. The bidder is responsible for making a complete report and shall make certain that each type of work or craft job category that will be utilized on the project is accounted for and listed. The Department at any time before or after award may require the production of a copy of each applicable Certificate of Registration issued by the United States Department of Labor evidencing such participation by the contractor and any or all of its subcontractors. In order to fulfill the participation requirement, it shall not be necessary that any applicable program sponsor be currently taking or that it will take applications for apprenticeship, training or employment during the performance of the work of this contract or deliver and install proposal.

Davis Bacon Wages

- I. The Contractor agrees to comply with the requirement of the Secretary of Labor in accordance with the Davis-Bacon Act as amended, the provision of Contract Work House, the Safety Standards Act, the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333) and all other applicable Federal, State and Local laws and regulations pertaining to labor standards insofar as those acts apply to the performance of this Agreement. The Contractor shall maintain documentation which demonstrates compliance with hour and wage requirements. Such documentation shall be made available to the City for review upon request.

The Contractor agrees that, except with respect to the rehabilitation or construction of residential property designed for residential use for less than eight (8) households, all contractors engaged under contracts in excess of \$2,000.00 for construction, renovation or repair of any building or work financed in whole or in part with assistance provided under this Contract, shall comply with federal requirements adopted by the City pertaining to such agreements and with the applicable requirement of the regulations of the U.S. Department of Labor, under 29 CFR, Parts 1, 3, 5 and 7 governing the payment of wages and ratio of apprentice and trainees to journeymen; provided, that if wage rates higher than those required under the regulations are imposed by state or local law, nothing hereunder is intended to relieve the Sub-recipient of its obligation, if any, to require payment of the higher wage. The Sub-recipient shall cause or require to be inserted in full, in all such Contracts subject to such regulations, provision meeting the requirement of the paragraph, for such Contracts in excess of \$10,000.

- A. Federal Labor Standards (29 CFR Parts 3, 5 and 5(a)): For contracts in excess of \$2,000.00 for any work involving construction, completion, rehabilitation, or repair, except for residential structures with less than eight (8) units, the Sub-recipient shall comply with the Davis-Bacon Act as amended (40 USCS 276 (a)-7), requiring that laborers and mechanics be paid at least the prevailing wage rates in the locality as established by the Secretary of Labor, and that wages be paid at least once a week; provided, however, that if wage rates higher than those required under such regulations are imposed by state or local law, nothing hereunder is intended to relieve the Sub-recipient of its obligation, if any, for payment of higher rates. No contract award shall be made to any contractor who is at the time ineligible under the provisions of any applicable regulations of the Department of Labor to receive an award to such contract.
- B. For construction contracts in excess of \$2,000.00 and other contracts in excess of \$2,500.00 involving the employment of laborers and mechanics, except for residential structures with less than eight (8) units, the Sub-recipient shall comply with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 USCS 327-330), requiring that overtime wages of laborers and mechanics be computed at one and one-half times the basic hourly rate (40 hours/weeks standards), and that safe and healthy work surroundings and conditions shall be provided.
- C. Copeland "Anti-Kickback" Act (18 USCS 874) as supplemented in Department of Labor regulations (29 CFR Part 3): The Contractor shall be prohibited from inducing, by any means, any person employed in the construction, completion or repair of public work, to give up any part of the compensation to which he is otherwise

entitled.

D. The regulations in 24 CFR part 70 apply to the use of volunteers.

II. Section 3 of the Housing and Urban Development Act of 1968

A. Section 3 requires that, the work to be performed under this contract is on a project assisted under a program providing direct federal financial assistance from the Department of Housing and Urban Development and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968 as amended (12 USC 1701 u.). Section 3 requires that to the greatest extent feasible, opportunities for training and employment arising in connection with the planning and carrying out of this project shall be given to lower income persons residing within the City of Rockford or Metropolitan Area and contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in the City of Rockford or the Metropolitan Area.

B. Section 3 Determination and Definitions

Dollar Thresholds: A project is determined to be covered by Section 3 requirements based on the amount of HUD assistance the contractor and the project receive. If the amount of the assistance exceeds \$200,000 as a recipient, certain Section 3 obligations apply. However, for a contractor, certain Section 3 obligations apply if the aggregate amount of assistance received by the contractor from the City for all the developer's projects with the City exceeds \$200,000. If on the same project there are contracts and subcontracts in excess of \$100,000, obligations will be passed on to the Contractor and subcontractor (s). If the developer or recipient also acts as the general Contractor for a project, the amount of assistance need only exceed \$100,000 for Section 3 requirements to apply. If the dollar threshold(s) for assistance is met, Section 3 requirements apply to the entire project or activity, regardless or whether the project or activity is fully or partially funded with HUD assistance.

Section 3 covered projects are those projects that involve construction, reconstruction, conversion or rehabilitation of housing, and other publicly-funded construction including other buildings or improvements, regardless of ownership.

C. Compliance

Compliance with the provisions of Section 3 of the Housing and Urban Development Act of 1968 as amended (12 U.S.C. 1701), the regulations set forth in 24 CFR 135, 24 CFR 570.607 (b), and all applicable rules and orders issued hereunder prior to the execution of this Agreement, is a condition of the federal financial assistance provided under this Agreement and binding upon the City, Contractor and any sub-contractors. Failure to fulfill these requirements shall subject the City, Contractor and any sub-contractors, their successors and assigns, to those sanctions specified by the agreement through which federal assistance is provided. The Contractor certifies and agrees that no contractual or other disability exists which would prevent compliance with these requirements.

The Contractor further agrees to include the following language in all subcontracts executed under this Agreement and will submit a Section 3 Report (See Addendum 2) at project completion.

“The work performed to be under this Contract is a project assisted under a program providing direct federal financial assistance from U.S. Department of Housing and Urban Development and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968 as amended (12 U.S.C. 1701). Section 3 requires that, to the greatest extent feasible, opportunities for training and employment be given to lower income residents of the project area and Contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part, by persons residing in the area of the project.”

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor

200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
